

1013

I have been a patient of Dr. O'Connor since the opening of his practice, and have always had wonderful experiences. Dr. O'Connor is very thorough, concise, & makes me feel confident with any medical questions I have. His practice is beautiful. The oceanfront setting & property itself make coming to the office a pleasure. Robert has always been punctual with my appointments and I have never felt pressured for time. The office staff are also very friendly, approachable, & make booking an appointment effortless.
